Terra Knights Music, Inc., a California Corporation having an address at 12289 Ragweed St., San Diego, CA 92129 ("Assignee"), desires to acquire Assignors' interest in the Invention.

The Assignors, as the inventors and owners of the Invention, desire to assign all our rights, title and interest in the Invention to Assignee.

Therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, we hereby assign, sell and transfer all our rights, title and interest in the Invention, including any divisions, continuations, continuations-in-part, national-filed patent applications, patents that may be granted for the Invention or any of the foregoing, reissue and reexamination applications and patents, and in and to any and all priority rights, Paris Convention rights, and other benefits accruing or to accrue to use with respect to the filing of applications or securing patents in the United States and foreign countries; all of which shall be "Assigned Invention", to Assignee and its successors in interest and assigns.

We request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States of America that issues under Assigned Invention to Assignee, and request that any official of any country or countries foreign to the United States, whose duty it is to issue or grant patents and applications, issue said Letters Patent to Assignee.

We further agree to sign and execute all necessary and lawful documents, including applications for foreign patents, filing divisional, continuation, and continuation-in-part applications, and for obtaining any reissue of any patent that may be granted for any Assigned Invention, as the Assignee may from time to time require or reasonably request, and prepare at the expense of Assignee. We also agree to cooperate with Assignee in any litigation regarding the Assigned Invention, and Assignee agrees to reasonably compensate us for any time we spend providing such assistance.

The assignment set forth herein includes the assignment of the right to recover for past infringements of, or liabilities for, any of the rights related to the Assigned Invention.

This Assignment is executed as of 8/20, 2007.
